UNLOCK YOUR CREATIVITY!

SVMA is dedicated to forging the future manufacturing workforce. This challenge provides an opportunity for future talent to show off their design and manufacturing skills.

Guidelines:

- High school students only
- Register as a SME Member member; sme.org
- Design, programming, and fabrication conducted by students only
- Individual project - team of 1
- Size limited to a 6.5 inch / 16.5 centimeters cube (XYZ)
- Metal, wood, or plastic materials can be used (mixed media)
- Multiple pieces required
- At least one subtractive process (grinder, laser mill, lathe, etc)
