

California's Sourcing & Procurement Platform (CSPP)

Connecting California Manufacturers to the Nation

California's Sourcing & Procurement Platform (CSPP), led by CMTC and their California's Manufacturing Network partners, is a digital marketplace dedicated to connecting buyers and suppliers. This nationwide platform was designed *for* manufacturers *by* manufacturers and connects demand, supply, and capacity for self-directed, efficient sourcing. CSPP allows you to connect & collaborate, showcase your business, and explore unlimited opportunities.

And, getting started is *free and easy!* You can get connected in 4 simple steps:

1

Create Your Account

Submit the form on CMTC's website to participate in the marketplace. You will then be directed to Sustainment to finish setting up your account.

2

Get Noticed

Customize your free profile by adding your logo, manufacturing capabilities, certifications, and registrations.

3

Request Connections

Find and securely connect and collaborate with new partners, reliable suppliers, and customers.

4

Get Verified

Check the box included on the sign-up form to get a digital verification badge to boost your credibility with potential suppliers and buyers.
